

SPECIFICATION SHEET

KIN Sub

Totem's KIN Sub provides a magnetically responsive and musically pleasing foundation wherever bass support is desired. Articulate and precise across a full range of frequencies, it is clear and coherent in all applications. In such a small package its dynamic capabilities are truly remarkable. The tightly sealed cabinet further expands placement potential.

Packed into an ultra small footprint, the KIN Sub's refined technology comes on strong with hefty performance and scale. In nearly all scenarios it's ideally suited for discreet bass augmentation. Already flexible for use across a wide range of adaptations, the angled front face enhances options either for small scale desktop duty or full scale in room support.

Magnetic grill included.
